

Recommendation letter
for South Adventure DMC & TDF Patagonia Tour

We highly recommend the company South Adventure DMC & TDF Patagonia Tour. Last year we were very pleased with the offer and service, from early beginning till the end. We have send 4 big incentive groups to Chile, they were responsible for all land services (accommodation, transfers, excursions, guides) and it was a great success!

It should be particularly emphasized that the offer was perfectly prepared in terms of: attractiveness, compliance with our needs, while maintaining full safety of participants. We are grateful for creativity, empathy and provided us with unforgettable experiences. Special Thanks to Patrycja Niewiarowska for taking care about all details, being available 24/7, reacting quickly to changes and to Cristian Vera, for his professionalism, experience in serving demanding guests (incentive) and ensuring the highest level of service.

Thanks to their involvement, we felt safe and comfortable.

We recommend cooperation with this team to everyone who needs a professional and experienced partner to cooperate in organizing various types of projects and events. We will definitely continue to work together in future.
